THE PERFECT YACHT
can only be the perfect yacht
when it is the **OWNER'S PERFECT YACHT**

It all starts with a vision
THE OWNER'S VISION
Of how a yacht looks, how it feels

We **LISTEN**
We **DESIGN**
We **PLAN**
We **ENGINEER**
We **BUILD**

Until every detail is **EXACTLY AS IT SHOULD BE**

Some things it seems cannot be done
Perhaps only because they've never been done before

It takes an open mind, an innovative mind
A mind always focussed on the owner's vision
ONE MIND WORKING TOGETHER
SO THAT ME BECOMES WE

Surpassing expectation
To build the **OWNER'S PERFECT YACHT**
Only when we achieve this can we say
BUILT BY OCEANCO

CO-MAKERSHIP

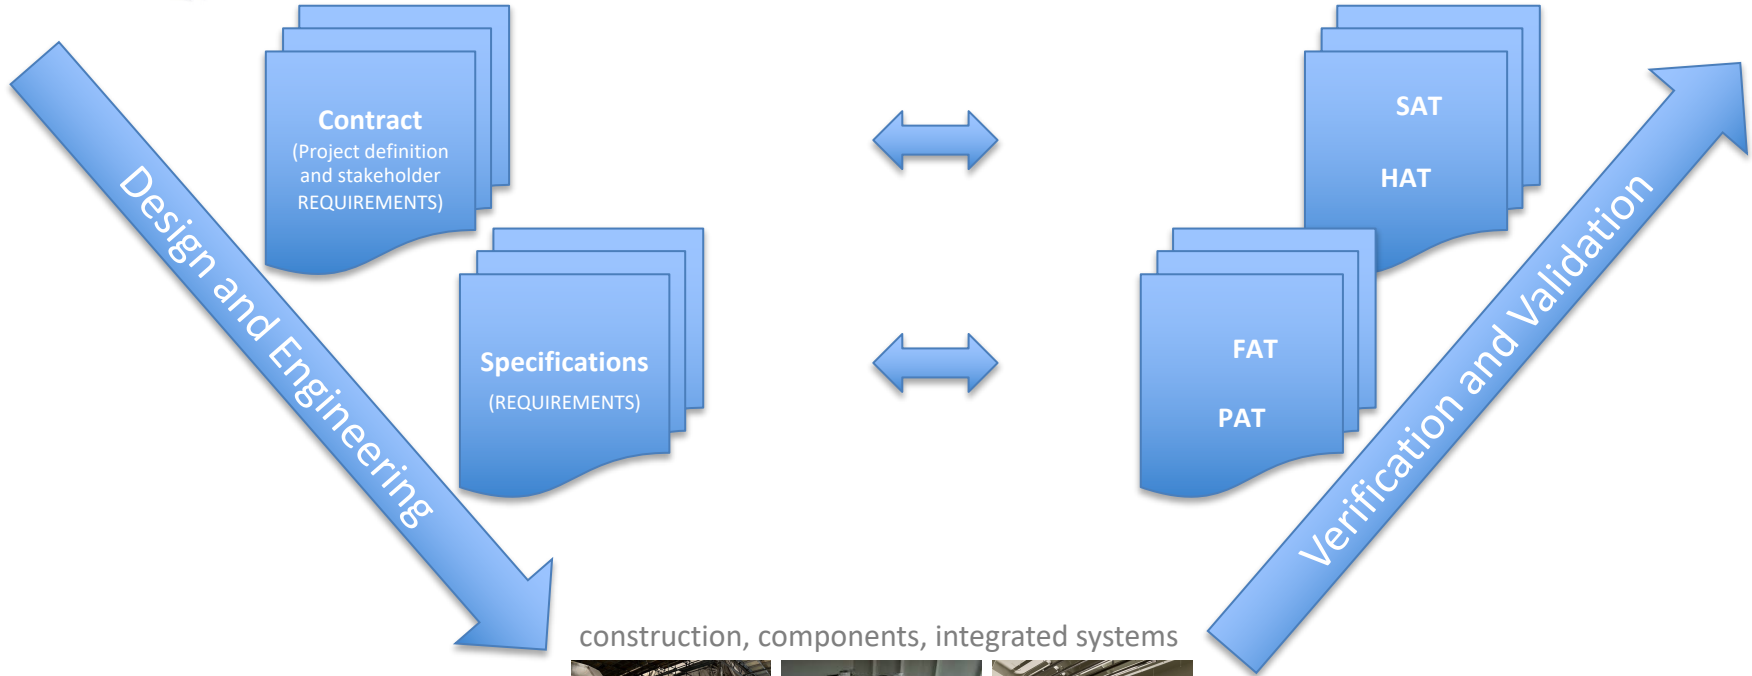

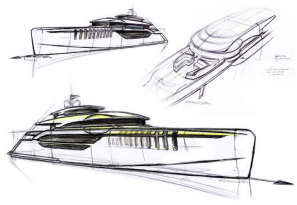

Oceanco outsources the main yacht building packages to strategic subcontractors, Co-makers.

Co-makers and Oceanco are collaborating experts who operate and act as partners. Our objective is to align expertise as much as possible so that everybody can do what he/she does best. Alignment of Co-makers with expertise and intensive collaboration results in a higher performance throughout the entire value chain:

Co-maker - Oceanco - Owners

<p>Eekels System Integrator</p> <p>Electrotechnical creators, realizing safer and more reliable yachting.</p>		<p>List Interior outfitting</p> <p>Combining high-profile project management and craftsmanship to furnish yachts.</p>		<p>Orca Marine Design Engineering</p> <p>Engineering and design services to the international marine industry.</p>	
	<p>Aluship Technology Aluminium Constructions</p> <p>Welding constructions for maritime, offshore and civil industry.</p>	<p>MARINE SERVICE NOORD</p> <p>Marine Service Noord Pipe outfitting</p> <p>Taking care of maritime piping.</p>		<p>RH Marine System Integrator</p> <p>A system integrator of electrical and automation systems in the maritime industry.</p>
